Ankara Üniversitesi Kütüphane ve Dokümantasyon Daire Başkanlığı Bülteni Ağustos 2003 Sayı:24

Üniversitemizin abone olduğu elektronik veri tabanlarını tanıtmaya devam ediyoruz. Amacımız veri tabanlarının daha etkin kullanımını sağlayarak daha fazla faydanın sağlanmasıdır. Bu sayımızda da çok yararlı olduğuna inandığımız Cochrane Kütüphanesi hakkında bilgi vereceğiz.

**The Cochrane Library**  
Kullanıcı Adı: ANKARAUNI  
Şifre: TANDOGAN

Üç ayda bir yayımlanan ve hem CD-ROM hem de Internet yoluyla erişilebilen Cochrane Kütüphanesi, sağlık alanında en güvenilir kaynaktır.

Cochrane Kütüphanesi, düzenli olarak güncelleştirilen, kanıta dayalı tıp veritabanları koleksiyonundan oluşur. Ayrıca, sağlık hizmeti veren ve alan insanlar ile araştırma, öğretim, fon sağlama ve yönetimden sorumlu kişilere yüksek kalitede bilgi sağlayan Cochrane Sistemik İnceleme/Eleştiri Veritabanı'nı da (The Cochrane Database of Systematic Reviews) içermektedir.

UPD·ATE  
SOFTWARE

Access to *The Cochrane Library* is for **subscribers** only.

Username   
Password

**For organisations or countries with registered computer "IP addresses":**

Or **register** a username and password.

Cochrane Kütüphanesi'ne girebilmek için, yukarıda gösterildiği gibi üniversiteye ait genel kullanıcı adı (ANKARAUNI) ve şifreyi (TANDOGAN) yazıp tıklayınız.

## Please register a new username

*Ankara University* has purchased a licence for you to access *The Cochrane Library*. The username and password you have just used is a general one. To use *The Cochrane Library* you will need to register a unique username and password along with your details below. Please use your new username and password for future access.

Please choose a USERNAME (must be between 3-16 characters in length)	<input type="text"/>
Please choose a PASSWORD (must be between 3-16 characters in length)	<input type="text"/>
Please retype your password	<input type="text"/>
Please tell us your first name	<input type="text"/>
Please tell us your surname	<input type="text"/>
Please tell us your email address (required)	<input type="text"/>
<input type="button" value="Submit"/> <input type="button" value="Reset"/>	

Kendinize ait bir kullanıcı adı ve şifre alabilmek için ekrana gelen formu doldurmanız gerekmektedir.

The screenshot shows the Cochrane Library website interface. At the top, there is a navigation menu with icons for CLEAR, TOPICS, RECORDS, MeSH, HISTORY, HELP, BACK, FORWARD, OUTLINE, ABOUT, and EXIT. Below the navigation menu, there is a search bar with the text "Search phrase:" and a search button. Below the search bar, there is a "Refine your search" dropdown menu. Below the search bar, there is a list of databases with checkboxes and their respective counts:

- The Cochrane Database of Systematic Reviews (3058 out of 3058)
- Database of Abstracts of Reviews of Effects (4123 out of 4123)
- The Cochrane Central Register of Controlled Trials (CENTRAL) (375143 out of 375143)
- The Cochrane Database of Methodology Reviews (16 out of 16)
- The Cochrane Methodology Register (CMR) (4617 out of 4617)
- About the Cochrane Collaboration (85 out of 85)
- Health technology assessment database (HTA) (3178 out of 3178)
- NHS Economic evaluation database (NHS EED) (11787 out of 11787)

On the right side of the page, there is a section for the "2003 Issue 3" with the ISSN 1465-1858. Below this, there is the Cochrane Library logo and the text "the best single source of reliable evidence about the effects of health care". Below this, there is a paragraph: "The Cochrane Library presents the work of the Cochrane Collaboration and others interested in assembling reliable information to guide health-care decisions." At the bottom right, there is a logo for "UPDATE SOFTWARE".

Bireysel kullanıcı adı ve şifrenizi aldıktan sonra, dilediğiniz bir konuda tarama yapabilirsiniz.

**ABDOMINAL DECOMPRESSION IN NORMAL PREGNANCY**

**Hofmeyr GJ, Kulier R**

♦ ♦ ♦

Date of most recent substantive amendment: 08 November 1997

This review should be cited as: Hofmeyr GJ, Kulier R. Abdominal decompression in normal pregnancy (Cochrane Review). In: *The Cochrane Library*, Issue 3, 2003. Oxford: Update Software.

**ABSTRACT**

**Background**

Abdominal decompression was developed as a means of pain relief during labour. It has also been used for complications of pregnancy, and in healthy pregnant women in an attempt to improve fetal wellbeing and intellectual development.
