THE GENERAL PUBLICATION PRINCIPLES OF THE
ANKARA REVIEW OF EUROPEAN STUDIES

1. All papers sent to the journal should not have been published or presented to the editorial board of other publications in any kind.

2. If presented paper's publication is approved by the Journal's Editorial Board, the Ankara University ATAUM holds all publication rights of the paper.

3. The total words at the paper can not be more than 10.000 words including foot notes.

4. The Papers will be presented in the written form to be printed in two copies on A4 size paper and also in the 1.44 floppy disc. With all these materials, a paper presentation form that a copy of is given herebelow should be filled-up and forwarded to the Editorial Board.

5. Papers should be written in one of the **Windows for Word (2.0-7.0)** programmes in the **Times New Roman** character. The size of the letters will be 12 points, for the text and 10 points for the foot notes.

6. The papers could be written in Turkish, English, German and French languages.

7. In the papers written in Turkish, an English abstract, and all other papers written in the foreign languages as stated above, a Turkish abstract not more than 200 words end keywords will be included.

8. In all papers, the Editorial Board will initially check convenience of the paper to the editorial principles of the journal. Papers that will be found inconvenient to the principles will be sent back to the author for corrections.

9. Papers that will be found convenient to the editorial principles of the journal will be sent to referee for assessment. In the framework of the referee's assessment report, the board may decide to directly register the paper to the list of papers to be printed at the journal, or send it back to the author for

corrections with formal letter including the copy of the assessment report of the referee.

10. 1 copy of the journal and 10 off prints of the paper will be sent to the author free.

11. References used in the preparation of the paper will be attributed as footnotes. If there has been more than one attribution to the same reference, the terms in Latin will be used such as **Ibid.**, **op.cit.**
